

## BRICK BUILDING FOR EAST DOUGLAS

F.D. Aley and George Henry  
Will Erect Block.

TO BE FIFTY FOOT FRONT

New Edifice Will Be Used for  
Business Purpose.

When F. D. Aley and George Henry, who own fifty feet of ground, twenty-five feet each, on the northwest corner of Danoria and Douglas avenues, complete their buildings that side of the street will be entirely devoid of any one or two story frame shacks, as at present. The cost of the two new buildings, or rather of the one, as they will be side by side, will be between \$25,000 and \$30,000.

Work on the plans will be given out shortly, but the erection of the buildings will probably not occur until next spring. Originally it was Mr. Aley's intention to erect a building on the twenty-five foot of ground he owns last spring. When he found that Mr. Henry, who owns the adjoining twenty-five feet, was also desiring a building, but not until the coming spring, it was decided to put both up at once.

The buildings as now planned will extend to the alley in the rear. Plans will be made for a three story structure, although the exact height has not yet been decided upon. If such is not built to a height of three stories at first, two will be built in such a manner that a third floor can be easily added.

The present buildings which occupy the two lots are a two-story frame building occupied by the Watson grocery store; a one-story building occupied by a barber shop, and another one-story building occupied by Humber's bakery.

Mr. Aley has but just completed a small frame building to the rear of the one occupied by the grocery store. It will be removed when the time is ripe for putting up the new buildings.

The new edifices will be built of brick. Pressed brick will be used in building up the front of the building. Big plate glass windows will be installed and everything will be up-to-date as business blocks are now being put together.

The upper floors of the buildings will be partitioned off for office apartments.

### WHO DID IT?

Dental Question in Police Court Yesterday Afternoon.

"Who plucked the cotton from Willie's tooth?" was the momentous question that disturbed the mind of Police Judge Stanley yesterday afternoon. Sometime yesterday Charles Bittling overheard two young men address that question to two ladies on the street, and it angered him. He told them so, and they told him it made little difference whether he liked it or not. A policeman was standing near, and Mr. Bittling told him to place them under arrest. They were taken to the police station, and at 5 o'clock yesterday afternoon their case came up before Judge Stanley. Mr. Bittling told his story and the boys theirs. Then they all decided that the case should be dismissed. The judge was willing, and the boys walked out, giving their names as Oscar Huber and S. Wynore. Judge Stanley is still wondering "who plucked the cotton from Willie's tooth."

### MANY CASES ON DOCKET.

Assignments Will Be Made Monday in District Court.

Monday morning all of the inmates of the county jail who have been bound over to the district court from the city court, and those who are out on bond will be arraigned before Judge Dale and given another chance to plead guilty or not guilty. The district court docket for this term of court is unusually large in criminal cases and some very interesting cases will come up in the term. Following is a list of the cases on docket: State vs. John Goodyear, carnally knowing, two cases; state vs. Joseph Dawson, threat to kill and assault with intent to kill, two cases; state vs. Frank Herford, et al, selling liquor; state vs. C. H. Richards and Mrs. C. H. Richards, alias Mrs. Brown, misappropriating a baby; state vs. A. A. Mayberry, alias Tony Mayberry, assault with intent to kill; state vs. S. M. Stevens, attempted arson.

### AN ABSOLUTE NECESSITY.

So Thinks at Least One Traveling Man.

I would as soon think of starting out without my suitcase and grip as to start out on a trip without a box of Stuart's Dyspepsia Tablets in my suitcase, said a traveling man who represented a St. Louis hardware house. Why? Because I have to put up at all kinds of hotels and boarding houses. I have to eat food, bad and indifferent food at all hours of the day and night and I don't believe any man's stomach will stand that sort of thing without protest, anyway I know mine won't. It has to have something to break the fall and Stuart's Dyspepsia Tablets is the crutch I fall back on. My friends often "josh" me about it, tell me I'm an easy mark for patent medicine fakery, that advertised medicines are humbug, etc., etc. I realize that they are merely always complaining of their aches and pains and poor digestion while I am standing most any kind of fare and food good and really fit work when it needs me, and I believe I owe my good digestion and sound health to the daily, regular use of Stuart's Dyspepsia Tablets, year in and year out, and all the "joshing" in the world will never convince me to the contrary.

I used to have heartburn about three times a day and a headache about three or four times a week and after standing for four or five years I began to look around for a crutch and found it when my doctor told me the best investment I could make would be a fifty-cent box of Stuart's Dyspepsia Tablets, and I have invested about fifty cents a month for them ever since and when I stop to think that that is what I spend every day for clean, I feel like shaking hands with myself for I can keep my stomach and digestion in first-class order for fifty cents a month. I don't care for any better life insurance.

My druggist tells me they are the most popular of all stomach medicines and that they have maintained their popularity and success because they do not advertise. They bring results, and results are what count in patent medicine as much as in selling hard ware.

### WEIBE FILED MOTION.

Asks That Order of District Court Be Set Aside.  
Henry Weibe, the defendant in the divorce case in which Ada Weibe is the plaintiff, filed a motion with the clerk of the district court yesterday through his attorney, asking that the order requiring him to appear before Judge Dale for the offense of disobeying the order of the court be set aside. Weibe was ordered by the court to do so with the clerk of the court for attorney fees, \$50 court costs and \$5 temporary alimony. This he failed to do. He was ordered to appear for contempt of court but stated that he had no knowledge of the order and that he and the plaintiff made a division of the household goods whereby she bound herself not to ask for alimony, costs and attorney fees.
